**Kenney's Korner**

**Did you know ... The village has ...**

- **No drinking age minimum...** so kids can, and do drink, and get drunk at any age.
- **No age limits on smoking...** kids in the village sit and watch the men play pool, gamble and smoke, then they copy them. It is not uncommon to see 10-12 year-olds smoking and gambling.
- **No age limit or supervision** at the internet cafe. I have noticed 13-15 year-olds watching pornography and a group of 8 year-olds watching over their shoulder. This happens daily.
- **Kids are being kidnapped** for sex trafficking or organ removal. The bodies of kids have been found dead without major organs inside. The targeted population is the poor.

All of this is going on right now in our old village, city, and region in the Philippines. There is more but you get the point.

This is the reason Zoé created Subangan seven years ago. Subangan gives children a safe option: a loving and fun place to be. It is a free play area in-between 3 villages with indoor and outdoor activities. The house Zoé built is only used for the children. The staff have been trained by Marko and are under the church's covering and oversight by Pastor Ben. Zoé provides one meal after school at 4pm. Many of the kids get one meal a day at home so this additional meal makes a big difference. Before every meal there is a bible story and verses are read to them. Several of them have learned to pray for the meal. We have been able to continue to sustain this ministry because of your loving support and God's continued blessings. Thank you for making this option available to these poor children.

**Patti is headed to the Philippines June 24th-July 4th.  
 Please keep her trip in prayer. Thanks!!!**
